

Aerospace Products For Down to Earth Comfort®

**FlashPoint™ Flashlight Holder**  
**Part Number: 40050**

The FlashPoint Flashlight holder comes with three adhesive-backed hook-and-loop fasteners for mounting on multiple surfaces. Attach a mount to your headset, dash, toolbox, or wherever you need your flashlight to be hands-free. Included flashlight holder will accommodate most flashlights that use in-line AA batteries.

**Installation Instructions**

1. Prepare the mounting surface by cleaning it with glass cleaner or similar product to remove any grease or oil. Allow cleaner to dry completely.
2. Peel the backing off one of the hook-and-loop fasteners and press the fastener onto the prepared surface.
3. Insert your flashlight into the rubber clip on the flashlight holder and press the holder against the hook-and-loop fastener.

**Satisfaction Guarantee**

If you are not satisfied with your Oregon Aero product for any reason, you have 30 calendar days to return the product from the date you purchased it for a full refund or exchange. To be eligible, product must be in good condition and include the receipt.

**Limited Warranty**

This product is backed by a limited warranty against defects in manufacture for a period of two years from the date of purchase. In the event we receive the return of this product within the warranty period, and we agree that the product is defective, our sole obligation shall be to replace the product at no charge. We disclaim all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular use. Some states do not permit the limitation of implied warranties, so this information may not apply to you.
