

Aerospace Products For Down to Earth Comfort®

Oregon Aero® SoftSeal/HushKit® Combo Kit
Part Number: 9A-0021-101

Installation Instructions

1. Remove ear pads from the helmet. These should be attached in place with hook-and-loop fasteners and easy to remove.
2. Disconnect speaker wire from the speaker. To do this, it may be necessary to remove the ear seal and the foam covering it. Feed speaker wire through the small hole on back side of the SoftSeal Ear Cushion (**Figure 1**). Re-connect speaker wire. Slide speaker between layers of HushKit Ear Cup insulation into the inside pocket (**Figure 2**).
3. Insert HushKit Ear Cup insulation into the SoftSeal Ear Cushion. Make sure the black fabric side of the HushKit and the speaker are both facing out toward the ear. Be careful when handling the speaker and wires, and make sure the foam lies flat and is centered in the ear seal.

Figure 1

Figure 2

Note: After installing the HushKit Ear Cup insulation, slide your finger between the SoftSeal Ear Cushion and the HushKit Ear Cup Insulation. Press the entire way around the opening of the ear seal to make sure the HushKit Ear Cup Insulation is flat and to prevent the corners from bending upward.

Satisfaction Guarantee

If you are not satisfied with your Oregon Aero product for any reason, you have 30 calendar days to return the product from the date you purchased it for a full refund or exchange. To be eligible, product must be in good condition and include the receipt.

Limited Warranty

This product is backed by a limited warranty against defects in manufacture for a period of two years from the date of purchase. In the event we receive the return of this product within the warranty period, and we agree that the product is defective, our sole obligation shall be to replace the product at no charge. We disclaim all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular use. Some states do not permit the limitation of implied warranties, so this information may not apply to you.
