

Aerospace Products For Down to Earth Comfort®

**Oregon Aero® HushKit® Passive Ear Cup Noise Attenuation Kit**  
**Part Number: 92056 - For the HUG-56P Helmet**

**Installation Instructions**

1. Remove the ear seal from the ear cup. Work the speaker and foam out of the cup, leaving the speaker hanging off to one side.
2. Place the 1/4" polyfoam oval into the ear cup (A).
3. Place the oval piece into the ear cup (B), followed by the donut hole oval piece (C).
4. Gently pull the speaker and speaker wire back into the ear cup. Cradle the speaker inside the donut hole.
5. Install the speaker cover (D) by tucking it under the ear cup flange.

**Satisfaction Guarantee**

If you are not satisfied with your Oregon Aero product for any reason, you have 30 calendar days to return the product from the date you purchased it for a full refund or exchange. To be eligible, product must be in good condition and include the receipt.

**Limited Warranty**

This product is backed by a limited warranty against defects in manufacture for a period of two years from the date of purchase. In the event we receive the return of this product within the warranty period, and we agree that the product is defective, our sole obligation shall be to replace the product at no charge. We disclaim all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular use. Some states do not permit the limitation of implied warranties, so this information may not apply to you.
