

Aerospace Products For Down to Earth Comfort®

**Oregon Aero® SoftSeal® Installation Instructions**  
**Part Numbers: 20015, 20020**

Oregon Aero SoftSeal Ear Cushions conform to the shape of your head to form a tight seal without painful pressure points. SoftSeal ear cushions may feel firm when you first put the headset on. This is normal. Ear Cushions have a temperature and pressure-sensitive visco-elastic foam core that will quickly soften as it acclimates to your body temperature.

**Installation Instructions for Headsets with Snap Mount Fixture**

1. Remove the original ear seals by grasping the inside lip of the ear seal and pulling up. If the ear seal is stubborn, pull harder; it will come off.
2. Align SoftSeal Ear Cushion with the ear cup assembly and apply pressure to snap it on.

**Care for your SoftSeal Ear Cushions**

The soft, smooth, synthetic leather covers are easy to clean. Gently wipe clean with a sponge or soft cloth and a mild solution of soap and water.

**Satisfaction Guarantee**

If you are not satisfied with your Oregon Aero product for any reason, you have 30 calendar days to return the product from the date you purchased it for a full refund or exchange. To be eligible, product must be in good condition and include the receipt.

**Limited Warranty**

This product is backed by a limited warranty against defects in manufacture for a period of two years from the date of purchase. In the event we receive the return of this product within the warranty period, and we agree that the product is defective, our sole obligation shall be to replace the product at no charge. We disclaim all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular use. Some states do not permit the limitation of implied warranties, so this information may not apply to you.
